

**NATIONAL INSTITUTES OF HEALTH  
OFFICE OF AIDS RESEARCH**

**AIDS 2020  
Satellite Session**

**The Impact of NIH HIV/AIDS Research and Discovery  
at the Intersection of Prevention, Treatment, and Disparities  
Across the Lifespan**

For nearly forty years, the National Institutes of Health (NIH) has conducted impactful, landmark HIV/AIDS research from innovative basic science discoveries through the pipeline to preclinical studies and novel clinical trials around the world. NIH-supported research is critical to reach ambitious but achievable goals to end the HIV epidemic in the United States by 2030 and HIV pandemic control globally.

OAR is hosting a virtual AIDS 2020 satellite session to highlight NIH HIV/AIDS research at the intersections of *Prevention, Treatment and Disparities* across the lifespan. Multidisciplinary scientists will share unique insights, research findings, and experiences that will improve understanding of how the global and the domestic HIV epidemics can inform each other and accelerate epidemic control. The session aims to help build the capacity of current and future generations of HIV researchers and advocates to address 21<sup>st</sup> century challenges with 21<sup>st</sup> century solutions.

The virtual satellite session will combine pre-recorded content available on demand to AIDS 2020 conference registrants (the pre-recorded content will also be made publicly available on OAR's website following the conference) as well as a live panel session on **Tuesday, July 7, 2020, at 7:00 p.m. ET**, with a replay on **Thursday, July 9, 2020, at 3:00 p.m. ET**.

Additional information on our session appears on the following pages.

## The Impact of NIH HIV/AIDS Research and Discovery at the Intersection of Prevention, Treatment, and Disparities Across the Lifespan

### **PRE-RECORDED SESSION**

(Available on demand to AIDS 2020 conference registrants)

#### **Introductions, Opening, and Closing Remarks**

Maureen M. Goodenow, PhD, Associate Director for AIDS Research and Director, Office of AIDS Research, National Institutes of Health

#### **HIV Prevention Research Intersections Across the Lifespan**

Lisa Hightow-Weidman, MD, MPH, Professor of Medicine, Division of Infectious Diseases and Health Behavior and Director of the Behavior and Technology Lab, University of North Carolina School of Medicine

#### **Frailty & Polypharmacy in Aging with HIV**

Amy Justice, MD, PhD, CNH Long Professor of Medicine and of Public Health, Yale University, Staff Physician, VA Connecticut Healthcare System

#### **HIV & U.S. Disparities in Care and Engagement Across the Lifespan**

Darrell P. Wheeler, PhD, MPH, ACSW, Provost and Senior Vice President for Academic Affairs, Iona College

## The Impact of NIH HIV/AIDS Research and Discovery at the Intersection of Prevention, Treatment, and Disparities Across the Lifespan

### LIVE SESSION

**July 7, 2020, 7:00 p.m. – 8:00 p.m. ET**  
**Live session replay: Thursday, July 9, 2020, 3:00 p.m. – 4:00 p.m. ET**

### PANEL

#### Opening and Closing Remarks

**Maureen M. Goodenow, PhD**

Associate Director for AIDS Research and  
Director, Office of AIDS Research, National  
Institutes of Health

#### Moderator

**Jennifer Kates, PhD**

Kaiser Family Foundation and Chair,  
Office of AIDS Research Advisory  
Council

**Lisa Hightow-Weidman, MD, MPH**

Professor of Medicine, Division of Infectious Diseases and  
Health Behavior and Director of the Behavior and Technology  
Lab, University of North Carolina School of Medicine

**Nittaya Phanuphak, MD**

Executive Director, Institute of HIV Research and  
Innovation (IHRI), Bangkok, Thailand

**Ernest Hopkins**

Senior Strategist and Advisor, San Francisco AIDS  
Foundation

**John Sleasman, MD**

Dr. Glenn A. Kiser and Eltha Muriel Kiser Professor of  
Pediatrics, Chief, Division of Allergy/Immunology, and  
Pulmonary Medicine at Duke University School of Medicine

**Amy Justice, MD, PhD**

CNH Long Professor of Medicine and of Public Health,  
Yale University, Staff Physician, VA Connecticut  
Healthcare System

**Sunil Suhas Solomon, MBBS, PhD, MPH**

Associate Professor of Medicine, Division of Infectious  
Diseases, Johns Hopkins University School of Medicine

**Darrell P. Wheeler, PhD, MPH, ACSW**

Provost and Senior Vice President for Academic Affairs, Iona College
